

## **Myers & Bowman Limited Pension Fund**

### **Statement of Investment Beliefs (“SIB”)**

#### **Purpose of this Statement**

This statement has been prepared by the Trustee of the Myers & Bowman Limited Pension Fund (the “Fund”). This statement sets out the beliefs governing the Trustee’s decisions to invest the assets of the Fund.

The Fund’s investment strategy is derived from the Trustee’s investment objectives. The objectives have been taken into account at all stages of planning, implementation and monitoring of the investment strategy.

Details on the Fund’s investment arrangements are set out in the Investment Implementation Document (“IID”).

#### **Governance**

The Trustee of the Fund makes all major strategic decisions including, but not limited to, the Fund’s asset allocation and the appointment and termination of investment managers.

When making such decisions, and when appropriate, the Trustee takes proper written advice. The Trustee believes that their investment advisers, Isio, are qualified by their ability in, and practical experience, of financial matters, and have the appropriate knowledge and experience. The investment advisers’ remuneration may be a fixed fee or based on time worked, as negotiated by the Trustee in the interests of obtaining best value for the Fund.

#### **Investment objectives**

The Trustee invests the assets of the Fund with the aim of ensuring that all members’ current and future benefits can be paid. The Fund’s funding position will be reviewed on an ongoing basis to assess the position relative to the funding target and whether the investment arrangements remain appropriate to the Fund’s circumstances. The Fund’s funding target is specified in the Statement of Funding Principles.

The Fund’s present investment objective is to achieve a return of around 0.9% per annum above the return on UK Government bonds.

#### **Investment strategy**

The Trustee takes a holistic approach to considering and managing risks when formulating the Fund’s investment strategy.

The Fund’s investment strategy was derived following careful consideration of the factors set out in Appendix A. The considerations include the nature and duration of the Fund’s liabilities, the risks of investing in the various asset classes, the implications of the strategy (under various scenarios) for the level of employer contributions required to fund the Fund, and also the strength of the sponsoring company’s covenant. The Trustee considered the merits of a range of asset classes.

The Trustee recognises that the investment strategy is subject to risk, in particular the risk of a mismatch between the performance of the assets and the calculated value of the liabilities. This risk is monitored by regularly assessing the funding position and the characteristics of the assets and liabilities. The risk is managed by investing in assets which are expected to perform in excess of the liabilities over the long term, and also by investing in a suitably diversified portfolio of assets with the aim of minimising (as far as possible) volatility relative to the liabilities.

The assets of the Fund consist predominantly of investments which are traded on regulated markets.

### **Investment Management Arrangements**

The Trustee has appointed Mobius Life as the platform provider. The Trustee then selects the underlying investment funds. Both Mobius Life and the investment managers of the investment funds are regulated under the Financial Services and Markets Act 2000.

All decisions about the day-to-day management of the assets have been delegated to the investment managers. The delegation includes decisions about:

- Selection, retention and realisation of investments including taking into account all financially material considerations in making these decisions;
- The exercise of rights (including voting rights) attaching to the investments;
- Undertaking engagement activities with investee companies and other stakeholders, where appropriate.

The Trustee takes investment managers' policies into account when selecting and monitoring managers. The Trustee also takes into account the performance targets the investment managers are evaluated on. The investment managers are expected to exercise their powers of investment with a view to giving effect to the beliefs contained within this statement, so far as reasonably practicable.

The investment managers' remuneration is based upon a percentage value of the assets under management.

As the Fund's assets are invested in pooled vehicles, the custody of the holdings is arranged by the investment manager.

## Investment Manager Monitoring and Engagement

The Trustee monitors and engages with the Fund's investment managers and other stakeholders on a variety of issues. Below is a summary of the areas covered and how the Trustee seeks to engage on these matters with investment managers.

Areas for engagement	Method for monitoring and engagement	Circumstances for additional monitoring and engagement
Performance, Strategy and Risk	<ul style="list-style-type: none"><li>• The Trustee receives a quarterly performance report from the platform provider which details information on the underlying investments' performance, strategy and market data, which are considered at the relevant Trustee meeting.</li></ul>	<ul style="list-style-type: none"><li>• There are significant changes made to the investment strategy.</li><li>• Underperformance vs the performance objective over the period that this objective applies.</li></ul>
Environmental, Social, Corporate Governance factors and the exercising of rights	<ul style="list-style-type: none"><li>• The Trustee's investment managers provide annual reports on how they have engaged with issuers regarding social, environmental and corporate governance issues.</li><li>• The Trustee receives information from their investment advisers on the investment managers' approaches to engagement.</li><li>• The Trustee will engage, via their investment adviser, with investment managers and/or other relevant persons about relevant matters at least annually.</li></ul>	<ul style="list-style-type: none"><li>• The manager has not acted in accordance with their policies and frameworks.</li><li>• The manager's policies are not in line with the Trustee's policies in this area.</li></ul>

Through the engagement described above, the Trustee will work with their investment advisors and/or managers to improve their alignment with the above policies. Where sufficient improvement is not observed, the Trustee will review the relevant investment manager's appointment and will consider terminating the arrangement.

## Employer-related investments

The policy of the Trustee is not to hold any employer-related investments as defined in the Pensions Act 1995 and the Occupational Pension Schemes (Investment) Regulations 2005 except where the Fund invests in collective investment funds that may hold employer-related investments. In this case, the total exposure to employer-related investments will not exceed 5% of the Fund's total value. The Trustee will monitor this on an ongoing basis to ensure compliance.

## Direct investments

Direct investments, as defined by the Pensions Act 1995, are products purchased without delegation to an investment manager through a written contract. When selecting and

reviewing any direct investments, the Trustee will obtain appropriate written advice from their investment advisers.

### **Compliance**

This Statement has been prepared in compliance with the Pensions Act 1995, the Pensions Act 2004, and the Occupational Pension Schemes (Investment) Regulations 2005. The Trustee understands that the Fund is exempt from the requirement to prepare a statement of investment principles due to the size of the membership. This SIB is therefore being prepared voluntarily and will be reviewed periodically.

## Appendix A – Risks, Financially Material Considerations and Non-Financial matters

A non-exhaustive list of risks and financially material considerations that the Trustee has considered and sought to manage is shown below.

The Trustee adopts an integrated risk management approach. The three key risks associated within this framework and how they are managed are stated below:

<b>Risks</b>	<b>Definition</b>	<b>Policy</b>
Investment	The risk that the Fund's position deteriorates due to the assets underperforming.	<ul style="list-style-type: none"><li>• Selecting an investment objective that is achievable and is consistent with the Fund's funding basis and the sponsoring company's covenant strength.</li><li>• Investing in a diversified portfolio of assets.</li></ul>
Funding	The extent to which there are insufficient Fund assets available to cover ongoing and future liability cash flows.	<ul style="list-style-type: none"><li>• Funding risk is considered as part of the investment strategy review and the actuarial valuation.</li><li>• The Trustee will agree an appropriate basis in conjunction with the investment strategy to ensure an appropriate journey plan is agreed to manage funding risk over time.</li></ul>
Covenant	The risk that the sponsoring company becomes unable to continue providing the required financial support to the Fund.	<ul style="list-style-type: none"><li>• When developing the Fund's investment and funding objectives, the Trustee takes account of the strength of the covenant ensuring the level of risk the Fund is exposed to is at an appropriate level for the covenant to support.</li></ul>

The Fund is exposed to a number of underlying risks relating to the Fund's investment strategy, these are summarised below:

<b>Risk</b>	<b>Definition</b>	<b>Policy</b>
Interest rates and inflation	The risk of mismatch between the value of the Fund's assets and present value of liabilities from changes in interest rates and inflation expectations.	To hedge 100% of these risks.
Liquidity	Difficulties in raising sufficient cash when required without adversely impacting the fair market value of the investment.	To maintain a sufficient allocation to liquid assets so that there is a prudent buffer to pay members benefits as they fall due (including transfer values), and to provide collateral to the LDI manager.

Market	Experiencing losses due to factors that affect the overall performance of the financial markets.	To remain appropriately diversified and hedge away any unrewarded risks, where practicable.
Credit	Default on payments due as part of a financial security contract.	To diversify this risk by investing in a range of credit markets across different geographies and sectors where possible.
Environmental, Social and Governance	Exposure to Environmental, Social and Governance factors, including but not limited to climate change, which can impact the performance of the Fund's investments.	To appoint managers who satisfy the following criteria, unless there is a good reason why the manager does not satisfy each criteria: 1. Responsible Investment ('RI') Policy / Framework 2. Implemented via Investment Process 3. A track record of using engagement and any voting rights to manage ESG factors 4. ESG specific reporting 5. UN PRI signatory The Trustee monitors the managers on an ongoing basis.
Currency	The potential for adverse currency movements to have an impact on the Fund's investments.	To invest in GBP denominated share classes where possible.
Non-financial	Any factor that is not expected to have a financial impact on the Fund's investments.	Such matters are not taken into account in the selection, retention or realisation of investments.

## Appendix B

The Trustee has the following policies in relation to the investment management arrangements for the Fund:

<b>How the investment managers are incentivised to align their investment strategy and decisions with the Trustee's policies.</b>	<ul style="list-style-type: none"><li>As the Fund is invested in pooled funds, there is not scope for these funds to tailor their strategy and decisions in line with the Trustee's policies. However, the Trustee invests in a portfolio of pooled funds that are aligned to the strategic objective.</li></ul>
<b>How the investment managers are incentivised to make decisions based on assessments of medium to long-term financial and non-financial performance of an issuer of debt or equity and to engage with them to improve performance in the medium to long-term.</b>	<ul style="list-style-type: none"><li>The Trustee reviews the investment managers' performance relative to medium and long-term objectives as documented in the investment management agreements.</li><li>The Trustee does not incentivise the investment managers to make decisions based on non-financial performance.</li></ul>
<b>How the method (and time horizon) of the evaluation of investment managers' performance and the remuneration for their services are in line with the Trustee's policies.</b>	<ul style="list-style-type: none"><li>The Trustee reviews the performance of all of the Fund's investments on a net of cost basis to ensure a true measurement of performance versus investment objectives.</li></ul>
<b>The method for monitoring portfolio turnover costs incurred by investment managers and how they define and monitor targeted portfolio turnover or turnover range.</b>	<ul style="list-style-type: none"><li>The Trustee does not directly monitor turnover costs. However, the investment managers are incentivised to minimise costs as they are measured on a net of cost basis.</li></ul>
<b>The duration of the Fund's arrangements with the investment managers.</b>	<ul style="list-style-type: none"><li>The duration of the arrangements is considered in the context of the type of fund the Fund invests in.<ul style="list-style-type: none"><li>As all of the funds are open ended, the duration is flexible and the Trustee will from time-to-time consider the appropriateness of these investments and whether they should continue to be held.</li></ul></li></ul>
<b>Voting Policy - How the Trustee expects investment managers to vote on their behalf.</b>	<ul style="list-style-type: none"><li>The Trustee has acknowledged responsibility for the voting policies that are implemented by the Fund's investment managers on their behalf.</li></ul>
<b>Engagement Policy - How the Trustee will engage with investment managers, direct</b>	<ul style="list-style-type: none"><li>The Trustee has acknowledged responsibility for the engagement policies that are implemented by the Fund's investment managers on their behalf.</li></ul>

<b>assets and others about ‘relevant matters’.</b>	<ul style="list-style-type: none"> <li>• The Trustee, via their investment advisers, will engage with managers about ‘relevant matters’ at least annually.</li> </ul>
