

Forward thinking
Straight talking

Gateley Privacy+

On-demand access to a trusted data protection expert who understands your organisation, helping you manage compliance, reduce risk and resolve privacy queries with confidence, without the worry of escalating legal costs.

Gateley /

Is Gateley Privacy+ the right solution for you?

Does your organisation collect, store or process personal data?

Does your organisation need access to specialist data protection expertise?

Are you confident your organisation is meeting its data protection obligations?

Gateley Privacy+ could be the solution you're looking for.

Data protection compliance is an ongoing challenge for businesses of all sizes. Keeping pace with evolving legal requirements, managing risk and responding to day-to-day queries requires specialist expertise, but appointing a dedicated DPO is not always necessary or cost-effective.

Gateley Privacy+ provides a practical and affordable alternative, giving your organisation direct access to an experienced data protection specialist who understands your business and is available whenever you need support.

Through a flexible annual retainer, you benefit from a dedicated helpline for data protection queries, regulatory issues and compliance concerns, together with an annual data protection audit and review. We assess your policies, procedures and potential areas of risk, helping you identify improvements and maintain compliance.

With Gateley Privacy+, you gain more than access to expert advice. You gain a trusted extension of your team, helping you navigate data protection challenges with confidence, reduce compliance risk and focus on running your business.

“Organisations can face fines of up to £17.5 million or 4% of annual worldwide turnover for serious breaches of UK data protection law.

Gateley Privacy+ reduces your risk by helping you remain compliant with data privacy laws. It also gives you access to a trusted expert who can help deal with any data protection issue your business may face.”
